

Cultural Discovery and Integration Course

from 1 to 5 September

Join us for an immersive experience, learn the best ways to succeed in your new linguistic, cultural and academic environment and make an excellent start to your stay on our campus.

This course is for:

More integration and more friends! Meet your international peers - managers and engineers - share the diversity and richness of your culture in multicultural groups - teachers organize collaborative tasks, role-playing and group work.

More confidence! You are free to express yourself, to try things out, to learn with others, regardless of your level.

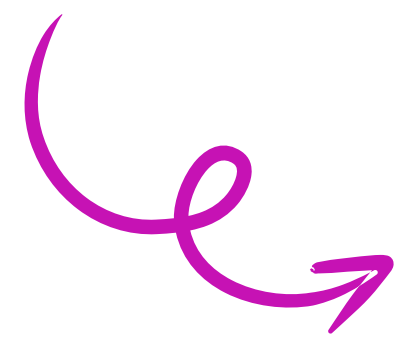

More fun! We provide an international meal, and a field trip to Paris!

Our priority:

Develop your oral fluency and communication skills through role-play, games, and group projects. You will learn French in a dynamic, fun and interactive environment- developing your skills through real, tangible tasks.

Get involved, learn, have fun!
